Water Footprint School Project
Group Evaluation

Instructions
Reflect on this experience by answering the following questions.

1. Using the following scale, how much effort would you say you put into this activity? _______ point(s).

<table>
<thead>
<tr>
<th>Very Little (Distracted)</th>
<th>An Average Amount (Engaged)</th>
<th>A Lot (Highly Engaged)</th>
</tr>
</thead>
<tbody>
<tr>
<td>0–1 point(s)</td>
<td>2–3 points</td>
<td>4–5 points</td>
</tr>
</tbody>
</table>

2. Constructively describe your teammates’ participation in this activity. Describe each person’s contribution, factoring in the skills they used, the knowledge they shared, their enthusiasm, their leadership, etc.

   **Team Contributions**

<table>
<thead>
<tr>
<th>Name</th>
<th>Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

3. What were some of the strengths of your group and your group’s approach? Explain.

   ____________________________________________________________

   ____________________________________________________________

4. If the members of your group were to work together again, what could the group do differently for stronger results?

   ____________________________________________________________
